Gamma Solutions partner with Datamax-O'Neil leading manufacture of label and receipt printers

Melbourne September 8th 2011 – Gamma Solutions, Australian provider of advanced mobile data collection systems have partnered with Datamax-O'Neil to sell and repair all desktop and portable printers. Datamax-O'Neil is a leading global provider which designs, manufactures and markets one of the most complete range of stationary and portable label and receipt printers.

“At Gamma Solutions we are committed to providing the right solutions to our customers” says Michael Atallah, Managing Director of Gamma Solutions, “By adding Datamax-O'Neil's extensive range of label and receipt printers to our existing product range we are confident we will find the perfect match for any challenge our customers may face”

As a partner and authorised repair centre of Datamax-O'Neil, Gamma Solutions will be able to repair both label and receipt printers. “With existing extensive support and sales experience on our current portable range we have the full confidence that Gamma Solutions can further our footprint into the Australian market. Gamma is in the strategic position to value-add with a full range of products (from hand-held terminals to consumables) and comprehensive service offerings that complement our mobile printer range” says Vino Rodrigues, Datamax-O'Neil's ANZ Country Manager.

“By being able to repair the Datamax-O'Neil printers in our Melbourne repair centre our customers can feel confident that they can come to us with any issue and we will be able to help them without them having to go back to the manufacture. We can also ensure that our customers receive the highest level of service at all times, which is at the core of Gamma Solutions business practices.” added Michael Atallah.
